

SPRING ASSEMBLIES

Applied Innovation

Springs are the basis of a wide variety of industrial, commercial and consumer products. As an industry leader in spring products and services, HS Spring is the natural choice for building assemblies. Our solutions ensure added value for the customer.

Engineered for top performance

We pride ourselves on extensive prototyping for your assembly and developing scalable solutions. HS Spring engineers will work closely with you from concept through production. Our value-engineering analysis will generate ways to maximize performance and minimize costs.

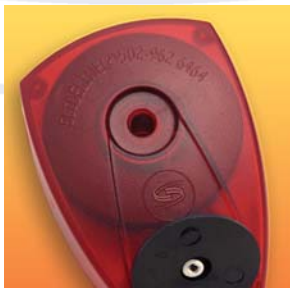

Complete assemblies for total satisfaction

Whether developing a new product or refining an existing one, HS Spring can provide the right solution for your assembly needs. Current applications include:

- flexsigns™
- SLIDELINE™
- SLIDELINE Pusher Systems™
- Constant Force assemblies
- Cable ends
- Window regulator units
- Plunger assemblies
- Door mechanisms
